

Roto brush

Electric Rotary Brush System

**Single phase supply
required (230V AC)**

Roto Brush is a powerful electric rotary system used for cleaning HVAC ducts. The system comes with a 12 meter flexible shaft with brushes from 5-12 inches for cleaning Ducts of various sizes. It is one of the best options for cleaning medium sized ducts. Works on single phase AC which means it can be used wherever a 15 Amp plug point is available. Speed & Direction control is provided to make sure more effective cleaning can be done onsite with the Roto Brush System.

**Powerful 0.5 HP
3 phase Motor**

**Speed Control in
both direction**

Variable Frequency Drive

Technical Specifications :

Motor HP : 0.5 HP Single Phase

Drive : Direct Drive

Casing : Fabricated Mild Steel

Control : ON/OFF with Speed & Direction Control

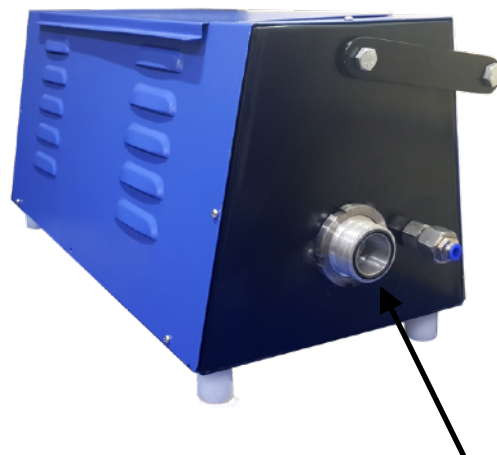

Shaft Speed : Variable from 300-750 rpm

Shaft Length : 12 meters

Brush Size : Between 5 to 12 inches.

ON/OFF control with speed & direction change option

Flexible Shaft Connection
